**\*Attention\***

Please read the following memo from our Team at LDC Norfolk,

At Louis Dreyfus Company, Safety is our #1 priority. To ensure the safety of all individuals on plant site; including vendors, customers, contractors, truck drivers, employees and other visitors, we ask that everyone adhere to all of our Safety rules.

These rules include following our posted 10 MPH speed limit on plant site. We will be enforcing this rule and expect everyone to abide by it. Please be aware of your speed when on plant site.

At LDC, we are committed to making this site safe and to accomplish this, we need help from you to fulfill your obligation to obey our required safety rules at all times.

If you have any questions regarding our Safety rules, please don't hesitate to contact one of our team members.

Thank you for your commitment to LDC and we look forward to doing business with you in the future.

Sincerely,

Nathan Brabec

(Commercial Manager)
